Strike Arbitration Out

New Violence Erupts; Striker Shot Dead

NASHVILLE, Tenn. (AP) — Smoldering tempers in the 54-day-old Louisville & Nashville Railroad strike erupted into pistol fire Thursday night and Friday, leaving one striker dead in Tennessee and another seriously wounded in Kentucky.

This new outbreak of violence, resulting in the first strike-connected killing, brought prompt withdrawal of a union offer to arbitrate the long-drawn-out dispute involving 25,000 workers in 14 states.

In the South's other major labor dispute, also 54 days old and involving some 50,000 Southern Bell Telephone employees, the company turned down an offer of CIO Communications Workers of America for a full public arbitration of the issues.

Southern Bell called the offer "a calculated attempt to gain from an arbitrator when the union has not been able to justify through the process of collective bargaining."

George Leighty, negotiating chairman for 10 railroad nonoperating unions, announced in an 80-station radio broadcast from Washington the rail unions now will insist on a negotiated settlement. He assigned the two shooting incidents as the reason.

Charles E. Wright, 32-year old striking L&N carman, was shot to death Thursday night near Mt. Pleasant, Tenn., 65 miles south of Nashville.

State and county officers arrested four L&N workers and one of them acknowledged firing the fatal shot which he said was in self defense. The Tennessee Bureau of Identification listed the man as Roy Van Brindley, 28, locomotive fireman.

State Safety Commissioner W. W. Luttrell said Brindley hired after the strike started, was arrested three times by state officers on charges of transporting liquor in legally dry areas of Tennessee.

State officers placed murder charges against Brindley and three others, listed as James E. Horton, 31, R. L. Bibb, 65, both of Nashville, and Norris G. Adams, 45, Columbia, Tenn. They were brought here for safekeeping after a crowd gathered at the scene Thursday night.

In Louisville, Ky., another L&N striker, John Kenneth Nichols Jr., 36, was shot and seriously wounded. Police said Nichols and another man were throwing chunks of bricks at the home of a non-striking railroad worker, Verli Braswell.

South Viet Nam May Proclaim Itself A Republic

SAIGON, South Viet Nam (AP) — A government informant said Friday South Viet Nam will proclaim itself a republic if assured backing by France, Britain and the United States.

The attitude of these powers, the source close to Premier Ngo Dinh Diem said, is the only stumbling block to the South's revolutionary move to depose Chief of State Bao Dai.

The informant said Diem's government is confident of quick recognition from such non-Communist Asian nations as Japan, the Philippines, Nationalist China, South Korea, Cambodia and Thailand.

The President of South Viet Nam's Revolutionary Committee, Nguyen Bao Toan, said Friday that as long as Bao Dai remains as Chief of State there can be no lasting friendship between France and this country.

"We are not anti-French; we are anti-Colonialist," the thin-faced, bespectacled revolutionary said in an interview. "The French have imposed Bao Dai on us against our will. He lives far from his people on the French Riviera and is ignorant of their sufferings."

MRS. ROOSEVELT WILL REFUSE PENSION

HYDE PARK, N.Y. (AP) — Mrs. Franklin D. Roosevelt said Friday she would decline any pension voted by Congress for widows of presidents.

She told an interviewer such pensions were "fine things" for those who really need them but that she had sufficient income to meet her requirements.

The Senate Thursday unanimously approved a bill to give an annual pension of \$22,500, an office and clerical help to former presidents and an annual pension of \$10,000 to widows of presidents. The House has yet to act on the bill.

Oil Dispute Holds Up Austria Freedom Pact

VIENNA, Austria (AP) — American and British oil interests intervened indirectly Friday night in the five-nation dispute over future control of Austria's petroleum fields.

The intervention came as the envoys of Britain, the United States, France and Russia and the Austrian foreign minister neared final agreement on an Austrian independence treaty. The crucial issue of oil is holding up final agreement.

Two Romanians Fly To Freedom In Stolen Red Plane

ISTANBUL, Turkey (AP) — Two Romanian flying instructors flew across the Black Sea to freedom Friday from Red Romania in a stolen navy training plane.

Turkish police reported they landed this afternoon on the water near Keiken Island, off the Turkish Black Sea coast about 50 miles northeast of the entrance to the strategic Turkish Straits.

They taxied ashore and gave themselves up. Police withheld their identities.

Police took them by jeep to nearby Imit on the Sea of Marmara. A guard was placed over their small plane.

Informants said the two Romanians stole the plane from the pilot training school at Constanza, on the Black Sea, for their 250-mile flight.

Police officials quoted them as saying they had been waiting a long time for a chance to escape from communism.

Nationalists Lay Mines In Waters Near Red China

TAIPEI, Formosa (AP) — The Nationalists disclosed Friday they have sown mines in waters close to Red China to thwart any invasion moves against offshore islands and to choke off shipping to the Red port of Poochow.

The minefields were laid around islands which the Nationalists hold mainland.

The move freshly underscored Nationalist intent to hold on to the islands. Foreign Minister George Yeh is reported to have assured the Legislative Yuan (Parliament) Friday that the government resolutely opposes any idea of a ceasefire in Formosa Strait.

Yeh was quoted as repeating assurances there would be no Nationalist withdrawal from the offshore islands, where there has been both Red air and artillery action this week.

Nationalist quarters did not say flatly the minefields were laid in territorial waters of Red China but this would seem inevitable. They said there was no need to notify other countries since it has been made clear for years that ships trading with Red China must do so at their own risk.

The Nationalists believe the Reds have been getting through with jet fuel and other war supplies to Poochow despite the vigil of garrisons off the Fukien Province coast in the Matsui Island group.

Merchant Has Dinner Party For 350 Mothers All Over 70

By LEONARD A. UNGER
LANSFORD, Pa. (AP) — To many a small merchant in Anytown, U.S.A., Mother's Day could be just another date on the calendar.

But to R. D. Edwards, of Lansford, Pa. (pop. 7,500), it's time for a date with 350 women—and there's no romance involved. Their ages start at 70.

Edwards, a stocky Welshman fondly known as Dick by the townspeople in this little eastern Pennsylvania coal mining community, had an idea 17 years ago to do something personal about Mother's Day.

"My mother died in 1934," he said. "For a few years, I really had no Mother's Day. Then I recalled my mother once saying, 'When you're giving flowers, Dick, give them when a person is still living.'"

For Mother's Day in 1939, he invited 15 mothers to a party. They were dined, entertained and decked out in corsages. There was only one stipulation: each guest had to be at least 70.

A statement given to The Associated Press by Rohol-Gewinnungs Aktien Gesellschaft (RAG), a subsidiary of the American and British oil interests, said they "never accepted any payment whatsoever" from the Nazis for handing over extensive oil exploration rights in the Vienna basin in 1938.

The statement was made in answer to a request for clarification of the position of RAG, which perhaps is the most powerful single oil group operating in Austria.

Austrian officials had told newsmen that RAG sold out to the Nazis in return for fair and reasonable compensation based on market standards.

Tens of millions of dollars are at issue in the Western oil companies' claim for restoration of their lost rights and compensation for lost earnings. High executives of Socomevacuum Oil Co., of New York, and Royal Dutch Shell Oil Co. have been standing by during the treaty negotiations for consultation with the Western envoys.

American, British, French and Soviet ambassadors who have been meeting all week with Austrian Foreign Minister Leopold Figl recessed their talks until Monday in order to consult their governments on proposed compromises.

The U. S. Embassy announced Ambassador Llewellyn E. Thompson Jr. will fly to Paris Saturday to consult with Secretary of State Dulles. He will return Sunday.

The negotiators have made unexpected good progress since Monday in preparing a final treaty text for signature by their foreign ministers soon, one ranking Western delegate said. He added all the envoys, including Soviet Ambassador Ivan I. Ilyich, have agreed to try to complete the treaty in all its aspects so as to leave their ministers with the ask only of signing the relevant documents.

Dulles Foresees New Europe With Germany In NATO

WASHINGTON (AP) — Secretary of State Dulles declared Friday night that "a new Europe, united, free and secure" is assured with Germany's entry into the North Atlantic Alliance.

Dulles took off for Paris later with a party of advisers in President Eisenhower's four-engine aircraft, Columbine. He had conferred with the President earlier in the day on problems of Far Eastern peace, European defense and negotiations with the Communists. These are questions he will be discussing with other Western ministers in the French capital for the next week.

The affair was sponsored by the American Mothers Committee, Inc., which each year picks what it considers the nation's outstanding mother for special tribute.

Rodney Brodie In Grave Condition: Brain Hemorrhage

CHICAGO (AP) — Rodney Brodie, who alone survived separation from his head-joined Siamese twin in 1952, was reported to be in "grave condition" Friday night with a hemorrhage inside the brain.

University of Illinois Research Hospital announced that Rodney, now 34, was brought in with the bleeding condition Tuesday.

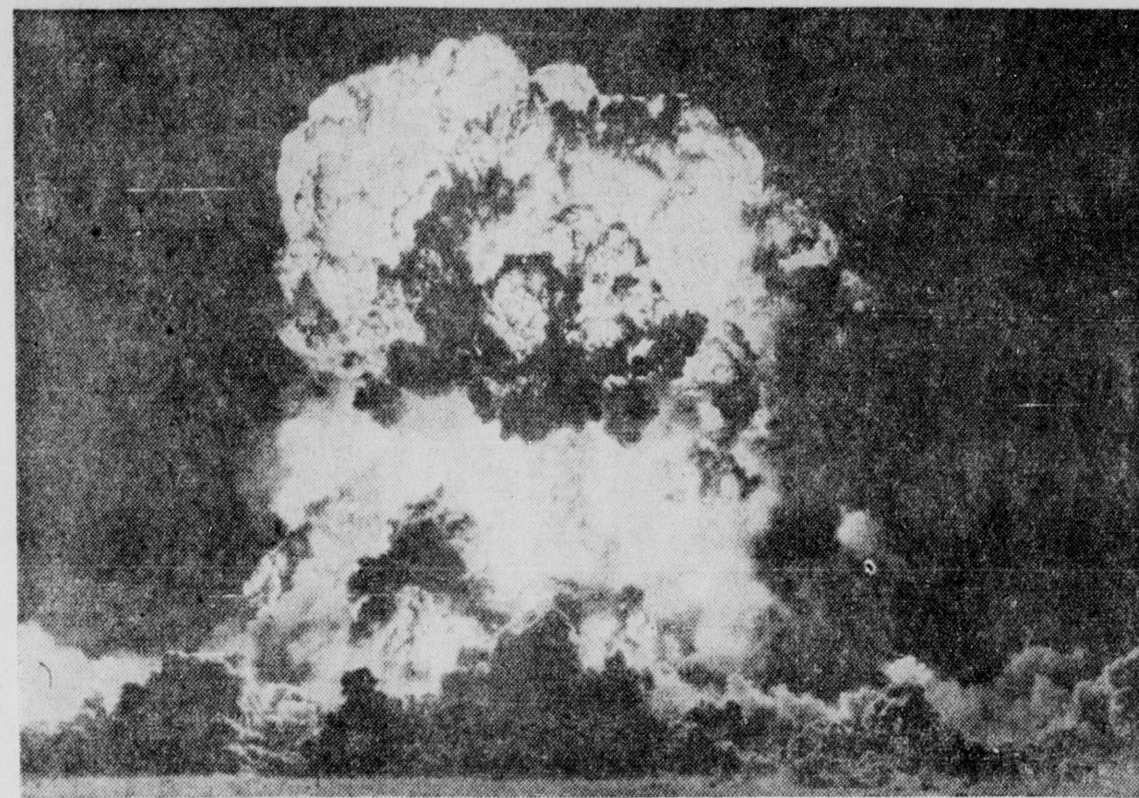

A hospital spokesman said an exploratory operation was performed Thursday in an attempt to control the bleeding but that this was to no avail. The spokesman said there was no apparent injury to the brain and doctors do not know why the bleeding started.

Rodney has been in a coma since 5 a.m. Friday.

Rodney was separated from his brother Roger Dec. 17, 1952, when they were a little more than 14 months old. Roger died 34 days later, leaving Rodney as the first head-joined twin ever to live through separation.

Until Tuesday Rodney was considered to be well on his way to complete recovery and a normal life.

He left the Chicago Hospital for an extended stay at his parents' home in Ferris, Ill., home last August. He returned to the hospital for a checkup in January, was found to be doing well and returned home in February.

OPERATION CUE FINALLY GOES — The atomic fireball of much-postponed "Operation Cue" spreads across the desert floor and reaches out toward Survival Town. Three of the houses used in the Federal Civil Defense test can be seen as very small images at the lower right. Other defense installations can be seen as small dots along the base of the fireball. This photo was made from seven and a half miles away from the site.

Nuclear Survival Test

Fatal To All Exposed Inside Half Mile Area

SURVIVAL CITY, Nev. (AP) — Civil defense experts prodded into the shredded wreckage of this atom-blasted town Friday and learned where and how you would die or survive — in a nuclear attack.

Ripped and crumpled debris of some homes, like two which were standing less than a mile from Thursday's mighty atomic explosion, made clear that none would have lived in them. The mannequin families in them "died" — to a man. Force of the blast was equal to 35,000 tons of TNT. The bombs that leveled Hiroshima and Nagasaki had the power of 20,000 tons.

Two other homes, about equally near, bore up better. Their walls and flat roofs withstood the battering. But the awful force of the atomic storm had swept their interiors into windrows of fittings and furniture, made the houses hollow shells. The "people" there fared only a little better than those of the completely demolished homes.

Radiation would have been a powerful weapon against any persons above ground and exposed within the 4,700-foot area.

Harold L. Goodwin, test director of the Federal Civil Defense Administration, said that, "Most people above ground within this area would have died." He estimated a probably fatal dose of 400 roentgens hit the front line of homes at 4,700 feet.

Some persons would have been hurt, perhaps fatally, by flying debris, too, he said. But those in shelters in the 4,700-foot area probably would have been safe.

An inspection of shelters in the homes bore him out. In the two flattened homes on Domesday drive, four shelters were uncracked.

One 150-foot radio tower collapsed at midsection and toppled to the ground. But another, of similar dimensions and construction and located at roughly the same distance, remained upright, though bent. The transmitter building escaped with some rough buffeting and CD repairmen said the station could be made operative in an hour or two.

Heretofore parcels from the families of the 15 U. S. airmen and 29 civilians have had to go by international parcel post. The route was Europe to Russia to Siberia to China. It takes two to three months.

Under the new parcel plan, families would use the much cheaper domestic mail to Travis Air Force Base near Sacramento, Calif. From there it will be flown to Hong Kong for transfer to the Chinese Red Cross. Estimated time: two to four weeks.

Red Cross officials here said the agreed-to transfer dates are the 15th and 30th of each month. Relatives are being advised to have their packages at Travis 10 days ahead of time.

In 1954, U. S. tea imports increased 6.5 per cent to 116 million pounds while coffee imports declined 19 per cent to 2,259,000,000 pounds.

Out of a makeshift shelter came two cheerful, tall-waisted witnesses for survival. They were dogs. Several of them, plus mice and other small animals were put into shelters a few hours before the explosion.

R. L. Corsbie, director of civil effects tests, said that he believed none of the animals was killed. They will go to laboratories for long studies of possible radiation effects.

MARION MARLOWE, FIRED BY GODFREY, MARRIES LARRY PUCK

NEW YORK (AP) — Singer Marion Marlowe, an ecstatic bride, headed for a Bermuda honeymoon Friday after her marriage in St. Louis to television producer Larry Puck.

They stopped off briefly at LaGuardia Field a few hours after the ceremony and Miss Marlowe told reporters:

"This is the happiest day of my life. It really is. Everybody says I do, but nobody means it more than I do."

The 26-year-old singer was fired last month by Arthur Godfrey. Her 34-year-old husband produces one of Godfrey's TV shows.

Halt Vaccine Distribution

Scheele: As Safeguard: Not Under Suspicion

WASHINGTON (AP) — Federal clearance of Salk polio vaccine has been halted for a few days, Surgeon General Leonard A. Scheele said Friday, but he emphasized that inoculations should proceed with supplies already cleared.

Scheele told the House Banking Committee the manufacture of vaccine is continuing and that shipment and use of batches already approved is going ahead.

Emphasizing that the product is not "under suspicion," Dr. Scheele said federal review of new batches has been "at a standstill" for several days pending a top-level scientific discussion of possible further safeguards.

A spokesman for the National Institutes of Health in nearby Bethesda, Md., where the meeting is being held, said that no Salk vaccine has been finally rejected thus far as defective.

He cited repeated statements made by Dr. Scheele to the House committee that the U. S. Public Health Service is confident the vaccine is safe. He also stressed that all vaccine now in the hands of physicians and public health authorities has passed the minimum requirements of the Biologics Control Laboratory.

Dr. Scheele, head of the Public Health Service, said the clearance embargo and the scientific discussion were just "additional steps to make sure that every conceivable safeguard" is being followed.

Scheele said he was confident that embargo on further clearances will be lifted in a few days. Later in talking with newsmen he cut that down to "the next day or two," but said there might be some slowdown if new standards and tests are decided on.

At the Health and Welfare Department a spokesman said the committee of virologists, consultants and other experts was reviewing the whole situation, including the method of clearing batches of vaccine by "protocol," and would not be hurried in reaching its conclusions.

The department said the withholding of "3,900,000 cc's of vaccine pending receipts from the manufacturers of additional data the vaccine is defective."

Scheele told the House committee the vaccine is excellent despite some 40 cases of reported polio among children who have had their first "shot." He said this is a small number among the four to six million who have been inoculated, and added there is "absolutely no cause for alarm."

Scheele testified in opposition to various bills which would permit federal controls on such things as the distribution and price of the vaccine. He strongly backed the administration's plan—state control of distribution through a federally sponsored voluntary program.

Some form of federal legislation was urged, however, by Chairman Spence (D-Ky), Rep. Wolcott (R-Mich), the committee's ranking Republican, and various other members.

In general, they welcomed Scheele's assurances that the Salk vaccine will prove itself a potent weapon against polio.

ISSUE DRAFT CALL FOR 10,000 IN JULY

WASHINGTON (AP) — The Army Friday issued a draft call for 10,000 men in July, the same quota that was announced earlier for May and June.

The new call brings to 1,918,480 the total number of men drafted or designated for induction since the resumption of Selective Service in September 1950.

Force Razor, but did nothing more.

Friday Lt. Col. John G. Wheelock, of Saginaw, Mich., commander of the test force, said he was proud of the performance of his tank crews and vehicles in this most rigorous test yet of armor under actual atomic fire.

Referring to the fact that the manned tanks stood only 3,000 yards from the explosion, Wheelock declared that, "I believe we could move them in to 2,000 yards, and some of our people say 1,500."

Wheelock, in an interview at the test site, said that by accident at least one armored personnel carrier wandered to within 900 yards of the radioactive stem of the mushroom cloud Thursday. The tanks and carriers began a forward sweep within minutes after the explosion.

An officer who rode in the carrier said that he estimated only about two roentgens of radiation was received by the men in the vehicle. The carrier was closed advance.

Fourth Fire In Chicago Cheap Hotels Kills Nine

CHICAGO (AP) — An early morning flash fire in a West Madison street flophouse—the fourth in cheap Chicago hotels in the last three months—Friday killed nine men and injured 12 others.

Erupting about 1 a.m. while 77 men were sleeping in tiny cubicles on upper floors of the five-story Comfort Hotel on Skid Row, the blaze pushed the toll of dead in Chicago hotel fires this year to 51.

Firemen carried about 20 occupants down ladders. Another was rescued from a ledge on the fourth floor. Two policemen who turned in an alarm and then helped about 25 men to the street said many of the men were drunk and tried to fight off their rescuers.

An earlier Skid Row flophouse fire in the Barton Hotel, only three blocks from the scene of Friday's blaze Feb. 12, took the lives of 29 men housed in quarters similar to those in the Comfort Hotel. Thirteen died in separate fires in two other inexpensive hotels on the Northwest Side in April.

Friday's tragic blaze brought a proposal from Chicago's new mayor, Richard J. Daley, that and rooming houses be licensed by the city in an effort to prevent a recurrence of such fires.

Two Salesmen Swim 279 Miles Down Colorado R.

LAS VEGAS, Nev. (AP) — Two young insurance salesmen today reported they completed a 279-mile swim down the Colorado River.

The Los Angeles men said they made the journey in the rushing waters of the river over a 26-day period to prove that "flexibility of the human body is greater than that of any boat."

The pair, John S. Daggett, 27, and William K. Beer, 26, jumped into the river at Lees Ferry near the Arizona-Utah border on Easter Sunday and combed out Thursday at Pierce Ferry, near the Arizona-Nevada border.

They said they swam and floated the 279 miles, shooting "roughly 280 rapids."

"We shot all the rapids," Daggett said. "It's the first time it's been done, so far as I know."

Editorial Comment

HARRY'S HEALTH

If there were any lingering doubts about the state of former President Truman's health, they must have been removed by his oratorical blast against the Eisenhower regime. Certainly his political juices are still flowing.

He accused the present administration of operating wholly by "political tricks." He added that Mr. Eisenhower has surrendered basic principles on foreign policy in the name of compromise with Republican extremists. All this, he said, disturbs the American people and frightens our friends abroad.

Mr. Truman also took time to fire some hard shots at the American press, on the ground they were "covering up" the true story of the Eisenhower regime.

The former President has had a lot of time to reflect since he last hit the road for the Democratic party. But it has not seemed to help him. He is firing as wildly as he did in the more disgraceful episodes of the 1952 campaign.

Whatever the case against the GOP administration, Mr. Truman did not make it. And it begins to look as if he never will. He evidently has given himself over to the school of slam-bang political oratory in which facts are viewed as incidental annoyances.

THAT 'SIXTH SENSE'

Not all the great decisions of war and peace and politics represent just a strict weighing of the facts. Men play hunches. And so do the reporters and columnists who record their doings.

The other day President Eisenhower told newsmen a "sixth sense" suggested to him that prospects for world peace are on the upswing. On the same occasion he casually disclosed that he knew exactly how many months are left in his present White House term—21.

Putting their own "sixth sense" quickly into play, many of the correspondents started speculating afresh that Mr. Eisenhower had decided against a second term. Their reasoning was simple:

After all, when a man is counting the months, it strongly indicates that he can hardly wait to escape. Put that together with facts like his costly improvements to his Gettysburg farm, his purchase of more farmland, his frequent flight from the capital, and maybe you have a picture of a man who is laying all plans to retire from politics on Jan. 20, 1957.

Maybe. There can't be much question about what the President would do on that date if he were a wholly free agent. He would get in his car and drive to Gettysburg—to stay. But he isn't really a free agent.

It goes without saying he will be subject, indeed, is already subject to terrific pressures from within his own party to run again. Public opinion polls showing the two top Democratic choices, Adlai Stevenson and Senator Kefauver, running well ahead of any GOP possibility except the President will do nothing to lessen those pressures.

Men close to Mr. Eisenhower say, though, that he would never let mere political considerations determine his course. Naturally, there are other factors at work.

The very thing that brought him onto the presidential scene in the first place—his sense of duty—may make powerful impact on him once more in the intervening months.

We all realize our affairs today are governed overwhelmingly by world events, by the outlook for peace or war. And this is the one field where the President seems to believe himself able to make deeply thoughtful decisions considerate of America's and humanity's future.

He is no politician, no domestic affairs expert. But he approaches the problem of peace with dedication. And there is a good deal of evidence to show that this lies at the root of the great trust a large share of American voters have in him.

Mr. Eisenhower may well be counting the months. But those who think this is significant might take one eye off the calendar and keep it on the events that will unfold in the arena of war and peace. For it seems more likely that it will there be determined whether or not the President runs in 1956.

Favorite Hymn Is Something No Mother Should Lack

BY MRS. MURIEL LAWRENCE

Soon after the Greys had discovered that Maggie was going to have a sister, they put a down payment on a suburban house—and moved.

The day after they were installed, the little girl next door shoved Maggie away from her doll carriage. Overwhelmed by her own problems, her mother resisted the realization that Maggie might have one. But on the fourth day when the little girl next door, accompanied by a friend on a tricycle, ordered Maggie off her own front sidewalk, Mrs. Grey became really concerned for her child's social future.

She felt an intense desire to solve Maggie's problem for her by going out and slapping the little girl next door.

Fortunately, she controlled this impulse. What she did was to drop her work and take Maggie on her lap. Then she began to sing their Favorite Hymn to her.

By the time she'd finished, the angry impulse to solve Maggie's problem for her had passed. The oppressive fear that Maggie couldn't solve it for herself had passed. To the stilled child in her arms, she was able to say smilingly:

"My, how sad we've been about nothing! You don't like unkindness in the little girl next door. All you have to do about it is tell it so. All we have to do is just tell her that we don't like it—and then walk away from it."

And sure enough, a day or so later, Maggie was able to do just that. It was the beginning of friendship with the little girl next door.

Personally, I think that no mother can ever afford to be without a Favorite Hymn.

For children bring us their pains and hurts, seeking strength that is firmer than theirs. We do not always have it ready to give to them. The Favorite Hymn restores it to us.

That is why children want us to have one.

It becomes associated with our conquests of fear for them, so they learn to trust and love it. Though they do not grasp the meaning of its words, they sense that we do. And in our arms they grow quiet, knowing that we are recovering from our excited, angry impulses to attack what has hurt them.

As our peace comes back to us, Maggie recovers hers. She will know to the instant when we have secured our hold on the "rock that is higher" than ours—and jump off our lap to go and play.

I don't know how I'd ever have managed without our Favorite Hymn.

Boyle's Column

By HAL BOYLE

NEW YORK (AP)—The parents of what is believed to be the nation's largest all-boy family don't see why poverty should cause juvenile delinquency.

Emory and Thelma Harrison, a farm couple who live near Johnson City, Tenn., have 13 sons ranging in stepladder style down from 21-year-old Guy to Ivan, an infant of 3 weeks.

Money poor all his life, Harrison said his children "never caused us a speck of trouble," and explained why:

"It's the way we raised them. We raised them to obey us, never to bother anybody, and never to pick up anything that belonged to anybody else.

"If they need a spanking, they get it. But they don't need it often. Each has his chores—one feeds the hogs, one feeds the chickens, one does the milking. Some dry the dishes, some cut wood, some carry it in.

"They all help each other. The big boys are just as crazy about the new baby as my wife and me are.

"There never was a child born but what there was a bite made to fill its mouth with—but there have been fathers and mothers too trifling to fill a child's mouth.

"When we had one child we just lived. When we had six children we lived. Now we got 13—and we're still living."

Mrs. Harrison was named "honor mother of the year" by the Interfaith movement in recognition of "her exemplary life as wife, mother and neighbor." The Robert Hall clothing firm paid the expenses of the entire family here so they could see her get the award.

During a four-day stay the boys won a \$3,200 jackpot in cash and prizes on a CBS network show, "On Your Account." But the wonders of Manhattan palled quickly and left the whole family homesick.

"It's corn plantin' time," explained Harrison.

The tall, rawboned farmer, who had to quit school after the fourth grade to go to work, is a man of natural dignity with a rich vein of homespun humor.

Having a large family came naturally to the Harrisons. His wife is one of 16 children. His grandfather, a religious man as he tells it, had 27 children, 3 wives, rode a red mule to church every Sunday until he was 85, and died triumphant at 93, still praising the Lord for a good life.

Discuss Hidden Fears Frankly And Fully With Family Doctor

For years the writer of the first letter has stewed and worried about problems, most of which could have been resolved if she had discussed them freely and frankly with a sympathetic physician. I wish I could quote the long letter in full.

Q—I was raised in a family with parents who had a strained relationship to each other—a severe father and a mother who feared him greatly. We received few smiles, no lightheartedness or love from our parents. My friendship with boys was much opposed and my marriage at 23 was a calamity. I had only one child because of parental objections. When my daughter was 12 my father died and my mother told me he had syphilis—his one mistake. My daughter now in her mid-teens has a stubborn acne and I am wondering if it is because of my father that she is this way. What chances has she got of having normal children?—Mrs. R.

A—The writer of this letter obviously had a most unhappy and abnormal childhood. She can do nothing about this now except to realize that she had a bad break as a youngster.

As to her other problem: acne is not related to syphilis and if the writer of the letter has been healthy all of her life it is most unlikely that she has ever had that disease either. A blood test would answer the question definitely.

The sensible thing is for the letter writer to conquer her fears and discuss this situation frankly and fully with her doctor. The chances are that he can relieve her mind entirely. After all, this is the kind of problem for which doctors are trained.

Q—Can you say anything about deaf and dumb people? Is it this disability passed along to one generation to another?—Mrs. A. L.

A—Approximately one third of all cases of deafness are hereditary.

Deafness at birth prevents the normal learning of speech and it is in such cases that deaf-mutism is said to exist. In all probability this will not be inherited unless the hereditary quality or gene is inherited from both parents. But there is no really practical way of telling in advance whether this will occur or not.

Q—Please say something about osteoporosis. Is this a form of arthritis?—Mrs. J. W.

This is an abnormal porousness or thinning of the structure of the bone. There are several varieties and several causes but osteoporosis is not the same as arthritis. In some cases of arthritis the bones due to disuse however, will become less dense.

Q—I have had two fissure operations but have never healed entirely. What should be done?—Reader.

A—I fear you will have to operate another and more extensive operation with particularly careful after-care.

Dr. Jordan is unable to answer directly individual questions from readers. However, once a week, in this "Q & A" column he will answer the most interesting and the most frequently asked question received during the week.

50 YEARS AGO

J. S. Magill resigned his position as agent for the United States Express company in Jacksonville after 40 years of service.

Workers completed the building of a new front on the old fire engine house on West Morgan street.

The Lost Grace School near Alexander held its annual all day picnic.

Mrs. Rollie Hoos, 308 Howe street rescued her two year old son from drowning in a water filled basement.

Charles Knollenberg had a trained mouse in the window of his store.

Three heifers were stolen from the farm of William Nunes east of Jacksonville.

There is only one guarantee of steady employment. That is the guarantee of an annual increase in productivity.

Health Giving Oranges Are Sweet and Plentiful

BY GAYNOR MADDOX
NEA Food and Markets Editor

Whole oranges are now in the health news picture. Citrus bioflavonoids help keep our 62,000 miles of tiny blood vessels elastic. In whole oranges, top scientists report these healthgiving citrus bioflavonoids are 10 times as concentrated as in strained orange juice.

Well, this morning we received a large carton of California naval oranges from our friend, Russell Z. Eller of Los Angeles. He sent along with the sweet oranges a few recipes that use whole slices (rich in bioflavonoids). Let's take a healthy look.

Broiled East Indian Fresh Orange Slices

Cut large, seedless, unpeeled oranges into cartwheels 1/4-inch thick. Top each with 1/2 teaspoon butter or margarine. Broil 2 minutes, placed 4 inches from the source of heat, with oven control set to broil and preheated. Top with 1 teaspoon Indian chutney. Serve hot. Eat rind and pulp. Serve with meat or poultry.

Broiled Minted Orange Slices

Cut large seedless, unpeeled naval oranges into cartwheels 1/4-

inch thick. Top each with 1/2 teaspoon butter or margarine. Broil 2 minutes, placed 4 inches from the source of heat, with oven control set to broil and preheated. Pour 1 teaspoon mint syrup over the surface. Serve hot. Eat rind and pulp. Serve with meat or poultry.

Tossed Fresh Orange Salad

Toss 1/4 head each, lettuce and romaine, 3 sliced fresh oranges and 1/4 cup French dressing. If desired, serve with cottage cheese.

Fresh Orange and Shrimp Salad

Arrange orange cartwheels on lettuce around a mound of cooked shrimp. Serve with mayonnaise or French dressing.

California Orange Sauce (Yield: 4 servings)

Combine 1 1/2 cups sliced fresh naval oranges, 1 tablespoon each, fresh lemon and lime juice, 1/4 cup sifted confectioners' sugar and 1 teaspoon grated orange rind. Serve over sponge cake, cottage pudding or fruit souffles.

SUNDAY'S MENU: Roast chicken, giblet gravy, broiled East Indian orange slices, stuffed baked potatoes, buttered asparagus, hard rolls or enriched bread, butter or margarine, rhubarb pie with Cheddar cheese, coffee, tea, milk.

Bandung Report Reads Good, But Will Reds Keep Promises?

BY PETER EDSON
NEA Washington Correspondent

WASHINGTON—(NEA)—It may be weeks before Washington knows the real answers on what happened at the Bandung, Indonesia, conference of 29 Afro-Asian nations. Experts are now combing the record of speeches and the communique, looking for holes.

First reaction was that this conference was a great and unexpected victory for the West. This is now giving way to a sober second look.

It is now seen that it will take a completely changed way of life and an awful lot of good deeds for the Chinese Communists to live up to the pious resolutions they agreed to at Bandung.

In this respect, the Bandung communique may be a good bit like the Yalta agreement. If the Russian Communists had lived up to their Yalta promises, Chiang Kai-shek might still head the Chinese mainland government.

And if the Red Chinese do not live up to their Bandung commitments, the communique is just another scrap of paper.

SOME OF THE IDEALISM of the United Nations charter was written into this communique. It incorporates declarations on freedom, self-determination, economic and cultural development and the recognition of basic human rights for the individual.

Communist China has never recognized such principles in the past. It is doubtful if it will do so now.

It is in the Declaration of Promotion of World Peace and Cooperation that the greatest challenge to Communist doctrines is found. This is in the seventh and final section of the Bandung communique. It is stated in ten points:

1. Respect for fundamental human rights and for the purposes and principles of the U.N. charter.

Red China has never recognized such rights even for its own people and it has openly defied the U.N. authority.

2. Respect for the sovereignty and territorial integrity of all nations.

RED CHINA HAS NOT RESPECTED this in Korea, Tibet nor Indochina. It does not recognize sovereignty for Formosa.

3. Recognition of the equality of all races and the equality of all nations, large and small.

The first part of that may be aimed at the white nations and at the old colonial powers. The latter part applies equally to the newer Communist colonialism.

4. Abstention from intervention or interference in the internal affairs of another country.

Again look at the Red record in Korea and Indochina.

5. Respect for the right of each nation to defend itself singly or collectively in conformity with the U.N. charter.

This would seem to sanction collective defense arrangements like SEATO—the Southeast Asia Treaty Organization. But this is limited in part by the next section.

6. Abstention from the use of collective arrangements to serve the interests of a big power, or to exert pressure on another country.

IF SEATO COULD BE CHARGED with serving the interests of Britain, France and the United States, it would be open to censure. On the other hand, the Russia-Red China alliance certainly exerted its pressure against Korea.

7. Refraining from aggression against the territorial integrity or political independence of any country.

Once again—Korea, Tibet and Indochina.

8. Settlement of international disputes by peaceful means, in conformity with the U.N. charter.

The test of this will be on the Formosa issue.

9. Promotion of mutual interest and cooperation.

Taken literally, that would mean lowering of the Iron and Bamboo Curtains, which no one expects to happen.

10. Respect for justice and international obligations.

No Communist country has in the past ever shown such respect either inside the U.N. or out.

The ancient Greeks called Sicily "Trinacria."

In Hollywood

By BOB THOMAS

HOLLYWOOD (AP)—After 30 years in the movies, Walter Pidgeon shows no signs of slowing down.

To demonstrate his durability MGM is pitting him against a robot in a space epic, "Forbidden Planet." Now he has done everything.

Pidge has come a long way from the Canadian boy who broke into the movies in 1925 with Dolor Costello in "The Mannequin." It took Hollywood 15 years to cash in on his suave talents.

Born in St. John, New Brunswick, he won his first notice as the singing partner of Elsie Janis. He never made too great a dent on the public consciousness until 1937, when he first signed with MGM. He became — and remains — the most serviceable actor on the lot.

Perhaps his greatest fame came as costar with Greer Garson. They started together in "Blossoms in the Dust" and carried on through "Mrs. Miniver," "Madame Curie," "The Miniver Story" and "Scandal at Scourie."

Last year Miss Garson left MGM to become a free-lance, so a future co-starring does not appear likely. Walter retains a lively interest in her career and raved about her TV debut in "Reunion in Vienna."

When Greer decided to leave the old home lot, Walter made the decision to stay on.

"This studio takes good care of its people," he explained. "I'd be lost anywhere else. So last August I signed on for another three years. It's the same kind of deal I had before — exclusive services for five pictures every two years."

Manners Make Friends

"I am so glad to meet you at last. I've heard so much about you." Those are always pleasant words to hear, so use them whenever you can honestly do so.

If you really are glad to meet a person, why conceal your pleasure beneath a mere, formal "How do you do?"

HAVE A SEAT—Three-year-old June Marie Klinger holds a mushroom big enough for her to sit on. It's a four-pound beefsteak mushroom found among smaller ones near her Leavenworth, Kan., home.

Vacation 'Roughing It' Really Means Rough Time for Mom

When the man of the family starts talking about the family's "roughing it" on their vacation this year the lady of the house usually shudders delicately.

Not because she isn't as appreciative of the beauty of the great outdoors as is her man. Or because she doesn't get just as big a thrill out of landing a bass as any member of the family.

Nope, she shudders for just one reason. When the rest of the family talk blithely of "roughing it" Mom knows that she will be the one who has it rough.

She'll have to put the house in order after the family has torn it apart looking for odd pieces of camping equipment and clothes stored away for years.

MOM'S WORK IS NEVER DONE

She'll have to listen while Dad fumes and frets because there is three times as much camping paraphernalia as will fit into the trunk of the car.

And once the camping site has been reached it is Mom who will be cooking the fish—no matter who caught them. It is Mom who will be struggling to heat water in which to wash dishes. Mom who will have to improvise some way of washing the family's clothes.

It is Mom who will have to keep a supply of food on hand to meet the terrific appetites of a family happily roughing it in the woods.

It is Mom who will have to watch after the youngest child while Pop is out catching more fish for her to fry.

There is only one good thing about a vacation in the wilds for the average wife and Mother. And that is getting home to her washing machine, her beautiful kitchen range and water that comes out of a faucet, either hot or cold.

CAREFUL!—Patricia Coitrell adds her bit to a fancy stack of English pennies at a tavern in London, England. Carefully balanced on the rim of a glass in the bar, the pennies are being collected for charity. Stack contains an estimated \$117.

THEY DON'T FORGET HER

How dear she is to her sons and daughters and her grandchildren. On this, her birthday, they don't forget her. These flowers are just a token, but in each blossom there is love.

She it was who taught them their first words . . . and their first prayers. She it was to whom they came with their childhood hurts. She it was who stood ready to console them when everything had gone wrong. She it was who taught them how essential religion is to a happy life—how vital it is that they belong to and take part in the activities of a church. On her birthday they remember all of this anew. Men and women now, they are living their own lives and accomplishing their own successes. But the great truths she taught them about faith, hope, gratitude, love and fortitude will remain with them forever.

Grandmother has indeed made a great contribution to their lives. Little wonder each week in church they say a special prayer in her memory.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

WHY USE A STARTER FERTILIZER AT CORN PLANTING TIME

1. Every infant needs a Balanced Ration of Digestible Nutrients.
2. Strong Plants overcome the effect of Disease and Insects.
3. Quick growth beats the weeds and makes early cultivation possible.
4. Good stands of healthy corn lays a good foundation for a profitable crop.

We Strongly Recommend As A Starter

PLAY LEADS IN COMEDY

"Say Uncle" a one-act comedy will be presented at the program of entertaining to be presented at 8 p.m. Saturday evening, May 7, by the Waltham Leaguers of the Salem Lutheran church at the church at South East street and Beecher avenue. Pictured above are; left to right, Kenneth Jording as John Maxwell; Opal Franklin as daughter Connie and Sue Fohl as Mrs. Maxwell.

The play won a superior rating in the competition with those given by 30 other groups at the 23rd annual Central Illinois District Waltham League Talent Festival at Havana on April 24. Other selections receiving similar ratings on that occasion will be presented also, to round out the evening's entertainment. The program is open to the public.

First on the program will be a mixed quartet composed of Mary Emma Schewe, Haroldine Tomhave, Kenneth Jording, and Harland Jording. As adept at playing the accordion as at vocalizing, Haroldine will also present an instrumental number.

The cast of "Say Uncle" includes: Harold Jording, Carolyn Willner, Opal Franklin, Sue Fohl, Kenneth Jording, Harland Jording, and Bertha Willner. The play is directed by W. O. Neisch, vicar of

Christ Lutheran church of the Deaf, and back-stage attendants include Janice Zimmer and Norma Whitacre. The cast received many favorable comments after presenting the play for the Married Couples' club last Sunday evening. A few remarks about the work of the Junior and Senior Waltham Leaguers of Salem congregation will be given by Pastor H. C. Rose, youth counselor of the Central Illinois District Waltham League.

A piano selection by Robert Engebrecht, a student of Illinois College, and a vocal duet by him and his sister, Dorothy Mae Engebrecht, with Mrs. Faith Davidmeyer accompanying at the piano, will conclude the program.

Capt. Eddy Davis Now In Germany

RHEIN-MAIN AIR BASE, Frankfurt, Germany — Captain Eddy D. Davis recently arrived at Rhein-Main Air Base, near Frankfurt, Germany, for assignment with the 716th Air Transport Squadron.

Captain Davis is the son of Mrs. Letha Davis of 847 South Main Street, Jacksonville, Ill. He graduated from the Bluffs High School in 1936 and in civilian life worked as a supermarket manager. The captain's wife, the former Miss Rees, and the couple's two children, Donald, 9, and Linda, 6, presently reside at Franklin, Illinois.

Capt. Davis was recalled in October 1954, and prior to his present assignment, he was stationed at Headquarters USAF in Wiesbaden, Germany.

Rhein-Main is one of the major US Air Bases in Europe, and provides aerial support to Western defense.

New Jerseyville Council Begins Work Tuesday

JERSEYVILLE—The new council of the City of Jerseyville assumed its duties Tuesday evening following the conclusion of the work of the old council in a regular session.

The final meeting of the old council was called to order by the retiring mayor, Clem Groppe, and the minutes of the previous meeting and those of a special meeting held April 27th were read by City Clerk Harold Brooks, and approved.

The council received a report regarding the status of the test well situation in the Otter Creek Valley where the search for an adequate water supply has been conducted for some time. It was recommended that certain of the test wells be plugged after the casing has been withdrawn and several of the others having potential value as water producers be capped until need arises.

Francis Munsterman, one of the retiring commissioners, called attention to the fact that the new council was assuming charge with all departments of the local municipal government operating in the black. He also paid tribute to the retiring mayor, Clem Groppe, and expressed the fact that he had enjoyed working in the council with Mayor Groppe and other members of the outgoing administration.

Following the payment of outstanding bills against the city, the old council adjourned and the new officials assumed charge. The new officials are Gilbert Moore, mayor, Charles White, Carl Gross, Henry Horn and Louis Gorman, commissioners.

Following the assignment of the various departments to the respective departments, Mayor Moore in turn nominated the present city clerk, Harold Brooks, to continue in that capacity. Eugene Munsterman to continue as city treasurer; Edward Henson as chief of police and William McFain as the one in charge of the city parking meter system.

Following the naming of the parties mentioned to the aforementioned posts, the new council adjourned. The members of the old council which concluded its duties before the induction of the new officials Tuesday evening consisted of Clem Groppe, mayor, Dr. Brian Caffery,

Francis Munsterman, Charles White and Gilbert Moore.

MRS. LLOYD BIEBER ENTERTAINS CLASS OF NORTHMINSTER

Mrs. Lloyd Bieber of Sunset Drive was hostess to the young women's class of Northminster Presbyterian church at its regular meeting. The president, Frances Bodensiek, opened the program with an essay entitled "Controlling The Tongue," and read scripture on the same subject.

Fifteen members were in attendance. Games were played, prizes going to Dorothy Dunbar, first; Marceline Souza, second, and Jean Odafer, consolation.

Announcement was made that a mother and daughter banquet will be held Monday, May 23. The hostess served refreshments.

The next meeting will be held with Mrs. Loren DeFreitas, 1001 North West street.

Bob Turley Cops 5th In Row, Whiffs 13; Yanks Rap Bosox 6-0

BOSTON (AP)—Bob Turley, New York's rifle-armed righthander, struck out 13 batters and gave but two hits Friday as he shut out the Boston Red Sox 6-0 for his fifth straight victory.

Jim Piersall's solid single in the sixth inning and Bill Klaus' infield roller to shortstop which was scored a hit with two out in the ninth were the only Boston blows.

Turley last week had a one-hitter against Chicago.

Meanwhile Turley's teammates made the most of seven hits off three Sox hurlers—Frank Sullivan, Russ Kemmerer and George Susce—including home runs by Mickey

Bob King To Talk At ISD Athletic Banquet Tonight

Bob King, University of Illinois end coach, will be the principal speaker at the Illinois School for the Deaf's annual athletic banquet tonight.

ISD athletic director Jim Spink will issue letters and awards to the members of the Tiger football, basketball, track and baseball squads following a dinner which is scheduled to be served at 6:30.

Don Newcombe Rejoins Dodgers 'With Penalty'

BROOKLYN (AP)—Repentant Don Newcombe patched up his quarrel with Manager Walter Alston and Dodger officials Friday and rejoined the club as it left for Philadelphia and the West.

The 235-pound Brooklyn pitcher was suspended Thursday after he had refused for the second time within 10 days to pitch in batting practice.

As soon as he cooled off Thursday night, Newcombe telephoned Alston to apologize and to explain his action. Friday he visited the club's office for a conference with E. J. (Buzze) Bavasi, Dodger vice president.

When he left, club officials said Newcombe had been reinstated "with penalty." They wouldn't say what the penalty was, but guesses were that the one-day rebellion has cost Newcombe a day's pay—about \$100—and perhaps twice that amount as a fine.

"I simply wanted to pitch, that's all," Newcombe said. "The club was rolling along in high gear and I was angry at myself for not doing my share. I just wanted to help."

"Sure I refused to pitch batting practice, but that was because I learned I would not pitch in the coming series in Philadelphia. I had previously been told I would. Yesterday I was told I would have to wait until Chicago. So I became stubborn."

Newcombe has started three games and got credit for two victories, but didn't finish any of them.

Alston said he had kept Newcombe out of action since April 24 because of cold weather.

"He had a sore arm for a while and the thought was to try to help him when the weather was cold," Alston explained. He said he had explained this to Newcombe previously, but the big pitcher still wasn't satisfied.

Tommy Bolt, Johnny Palmer To Play In Palm Beach Golf

NEW YORK, May 6—Tommy Bolt and Johnny Palmer, the two top men in the race for the coveted Vardon Trophy, today accepted invitations to join the select 16-man field in the Palm Beach Golf Championship at Deerpale Golf Club June 1-5.

Bolt, often accused of being a temperamental player, has been a model of glowing decorum this year. The payoff has been a pair of brilliant victories in the San Diego Open and the Tucson Open.

Those two triumphs, plus a splendid showing in other tournaments, makes him the leader in the Vardon Trophy race. This is an annual award to the tournament professional with the lowest scoring average for the year, and Bolt's leading average of 69.28 for 25 rounds makes him a real threat in the rugged Palm Beach event.

Palmer must stand among the top choices, too. For chunky Johnny is second to Bolt in the Vardon Trophy scramble with a 69.32 average for 27 rounds as of the last available standings.

Scoring such as that is necessary to win the Palm Beach Tournament, however, for it is a unique match-medal play tournament limited to 16 of the top pros in the nation. Each player meets every other competitor once during the five rounds, matching medal scores with each member of his foursome

Here's Racing Dictionary For Derby Fans

LOUISVILLE, Ky. (AP)—Hardboots clocked Nashua in 1:13 2-5 as a bug boy gave the blinkered Kentucky Derby chalk a six-furlong blowout over Heartbreak Highway with the dogs up.

Puzzled?

So are thousands of other derby enthusiasts who catch up on their racing terminology only at derby time.

Following is an abbreviated "derby dictionary" listing some such words for the aid of those who sometimes stumble while reading a derby story.

Hardboot—A Kentucky racing enthusiast.

Clock—To record the running time of a horse.

1:13 2-5—One minute 13 2-5 seconds.

Bug boy—Apprentice rider whose name carries an asterisk on racing programs.

Blinkers—An eye shade to keep the horse from being distracted.

Chalk—The favorite.

Furlong—One eighth of a mile.

Blowout—Brisk workout to keep horse physically trim.

Heartbreak Highway—The Churchill Downs racing strip, so-called because so many dreams of a derby victory die there.

Dogs up—Barriers placed inside the track rails when track is muddy to prevent damage to the racing surface.

Colt—A male horse under 5 years old.

Filly—A female horse under 5.

Gelding—A sexless horse.

Sprint—Short race or workout.

Distance route—A longer race.

Overnight race—A race placed on the program on short notice (and not a dusk to dawn race).

Entry—Two or more horses either owned or trained by the same person.

Post position—The place in the starting gate assigned to each horse.

Wind sucker—Horse that swallows air with a backward jerk of the chin.

Dead heat—When two horses cross the finish line at the same time.

led money—The portion of a purse supplied by the track.

Churchill Downs adds \$125,000 to nomination, entering and starting fees for the derby.

Trucks Hurls, White Sox Edge Tigers 1-0

CHICAGO (AP)—Virgil Trucks, Chicago's question-mark righthander, Friday night pitched the White Sox to a 1-0 victory over the Detroit Tigers, yielding but two hits.

The burly Trucks, who led Sox pitchers with 19 victories last year, was in superb form as he held the Tigers hitless until two were out in the sixth. For the first five and two-thirds innings the Tigers were unable to hit the ball out of the infield. In three previous starts he had been hit very hard.

Al Kaline spoiled Trucks' bid for a no-hitter when he singled to left after two were out and Detroit pitcher Ned Garver had reached first on an error.

The Sox' only run came in the seventh and it resulted from a throwing error by Garver, who also pitched brilliant ball but was hit hard in the early innings.

Sherman Lollar opened the seventh with a double to left center. Trucks then bunted to Garver who threw the ball into left trying to get the runner and Ed McGhee, running for Lollar, came in to score.

Chico Carrasquel then dropped a bunt down the first base line and Ferris Fain threw wildly into right with Trucks taking third.

Garver, however, set down the next three men in order.

The only other hit off Trucks was a single through the box by Bill Tuttle after two were out in the seventh.

The triumph was the first complete game for Trucks this year. The Sox wasted chances in the first three innings when they combed Garver for six hits but were unable to score as the Tigers cut down Sox runners at the plate in the second and third innings.

Detroit never got a runner past second base and succeeded in putting men in scoring position in the second, sixth and ninth innings.

Trucks walked the first two men up in the second but had no difficulty with the next three.

Garver reached first on Carrasquel's error to open the sixth but Trucks got the next two men with ease before Kaline rifled Detroit's first hit into left field and Fain lined to Rivera to end the threat.

In the ninth, Fain walked and Bubba Phillips, running for Fain, reached second after two were out. Tuttle grounded to George Kell to end the game.

Both Pilots Protest; Orioles Nip Nats 2-1

WASHINGTON (AP)—Washington defeated Baltimore 2-1 Friday night in a game protested by both Manager Paul Richards of the Orioles and Manager Chuck Dressen of the Senators. Dean Stone held Baltimore to seven hits in edging Saul Rogovin in a mound duel.

Both managers' protests stemmed from interference plays. Dressen protested in the sixth inning after Jim Busby lifted a pop fly halfway down the first base line.

Trying to avoid pitcher Saul Rogovin and catcher Hal Smith, Busby crashed head into first baseman Gus Triandos. Busby was ruled out and left the game with a cut left jaw but was not hospitalized.

Richards protested after Bob Kline singled to start the last of the seventh. Dean Stone bunted down the first base line and was ruled save when Rogovin tripped him after fielding the ball.

Illini Thinlads Swamp Chicago Track Club 82-46

CHAMPAIGN, Ill. (AP)—The University of Illinois swamped the Chicago Track Club 82-46 Friday night in a dual track and field meet.

Abe Woodson, Willie Thompson and Ralph Fessenden paced the Illini.

Fessenden won the 220 and 440-yard dashes. Woodson won the broad jump and the high jump and finished second to Thompson in the high and low hurdles.

Phil Coleman's win in the two-mile was a bright spot for the Chicago Track Club. His time was 9:18.4. Karl Johnson, an Illini sophomore from Sweden, was second.

Lowell Zellers, former Indiana star competing unattached, won the mile in 4:16.

Redlegs Defeat Cubs 4-2

CINCINNATI (AP)—The last place Cincinnati Redlegs, cowed by the Chicago Cubs in five previous encounters this season, rapped the second place Chicagoans 4-2 Friday night on the six-hit pitching of Joe Nuxhall.

The Reds collected only seven hits but put them into effective use.

Smoky Burgess, in his first turn at bat at Crosley Field since he was traded by the Philadelphia Phils, socked a home run in the second inning to give the Reds a 1-0 lead. The Cubs knotted it in the third on a single by Jim Bolger's double and a ground out.

Fast Chuck Harmon beat out a roller toward third base in the Redleg third inning, stole second and rode home on Gus Bell's single.

The Cincinnatians added a pair of runs in the fourth on the first of Ray Jablonski's three walks. Burgess' single and Wally Post's liner to left. At this point starter-loser Paul Minner was replaced by Hy Cohen, who was greeted by Roy McMillan's run-producing single.

Cub catcher Harry Chiti ended the night's scoring with his third home run of the season.

John Andre pitched for the Cubs from the fifth through seventh innings without giving up a hit.

In dispelling the Chicago jinx, Nuxhall gained his third victory of the season against one defeat.

FINAL A-TEST AHEAD
LAS VEGAS, Nev. (AP)—The 14th and final test of the 1955 nuclear series—another 500-foot tower shot on Yucca Flat—will not be held before Sunday.

The test organization said technical difficulties, apparently caused by the great dust kickup of Thursday's 35-kiloblast, made a Saturday test impossible.

Pafko Sparks, Braves Rap Cardinals 8-5

ST. LOUIS (AP)—Andy Pafko set the pace Friday night, driving in three runs with a pair of doubles, as the Milwaukee Braves clubbed five St. Louis Cardinal pitchers for nine hits and an 8-5 victory at Busch Stadium. Charlie White's bat was good for two other Milwaukee tallies.

Julio Mederos Scores TKO Over Harold Johnson

PHILADELPHIA (AP)—Cuban heavyweight Julio Mederos, a four-to-one underdog, scored a startling second round technical knockout victory over the No. 1 lightweight contender, Harold Johnson of Philadelphia Friday night. Mederos weighed 193½ and Johnson 179 for the scheduled 10-round fight.

Johnson, who was unable to answer the bell for the third round, was carried from the ring on a stretcher. Mederos, a substitute in the scrap for Tommy (Hurricane) Jackson, was beaten by this same Johnson in Miami last December 8.

The husky Cuban, although outpointed in the first round as Johnson beat a steady tattoo with a sharp left hand, apparently won the fight with a smashing right as the bell sounded ending the opening round. Johnson staggered toward his corner and had difficulty finding his seat.

The Philadelphia, who has been seeking a title fight with 175-pound champion Archie Moore, seemed in a fog throughout the second round. At one point he suddenly sank to his knees, although he hadn't been hit. And at the end of the round he again had difficulty finding his way to the corner.

Dr. Joseph Ayello, ringside physician, examined the stricken fighter and then signalled to Referee Dave Beloff that Johnson was unable to get up from his stool and leave the ring.

He seemed in a stupor.

Dr. Ayello said he would have the fighter sent to a hospital immediately. He was unable to say just what was wrong with Johnson.

Campanella Bats Dodgers To 6-4 Win Over Phils

PHILADELPHIA (AP)—Roy Campanella doubled home two runs in the 12th inning Friday night as the rampart Brooklyn Dodgers chalked up their 19th win of the season against two defeats—a 6-4 win over the Philadelphia Phils. The Dodgers brought re-instated Don Newcombe in as a relief pitcher in the 11th inning and the big boy got the win.

Ohio State Nips Illinois 4-3

COLUMBUS, Ohio (AP)—Don Kelley's two-run double highlighted a four-run first inning as Ohio State edged Illinois 4-3 in a Big Ten baseball game Friday.

After Ohio State's first big inning, Illinois left-handed pitcher Dick Vorrever was practically untouchable. He struck out nine and walked only two. Before the first frame only two Buckeye hits got Ohio out of the infield.

U. OF CHICAGO TO CONDUCT FOOTBALL CLASS

CHICAGO (AP)—The University of Chicago which dropped intercollegiate football in 1939 plans a class in football instruction next fall "to satisfy the needs and desires of certain students."

The football course will be included in the physical education program on a strictly voluntary basis. If enough interest is shown the class will be divided into two teams for intrasquad competition.

Reports have persisted Chicago might return to intercollegiate football, but school officials have stressed this is unlikely in the near future.

Harper Has 7 Stroke Lead In Colonial

By WILBUR MARTIN
FORT WORTH (AP)—Chandler Harper, first round leader of the \$25,000 Colonial Invitational, shot a 5-under-par 65 Friday that gave him a seven-stroke lead.

The terrific round equaled three course records and gave the Chattanooga, Tenn., veteran a 36-hole total of 134.

In second, and facing a long uphill fight for the \$5,000 first prize, were Antonio Cerda of Buenos Aires, Dow Finsterwald of Athens, Ohio, and Julius Boros, of Mid Pines, N.C., at 141.

Most of the field was home shortly after Harper posted his 65.

Harper used a hickory-shafted putter he has had for 16 of the 21 years he has followed the pro golf money circuit. He missed by inches going after three more sub-par holes.

Cerda had a 67 Friday, Finsterwald a 69 and Boros a 72.

Right behind this trio at 142 were Jack Burke, Kiamasha Lake, N.Y.; Jack Fleck, Davenport, Iowa; and veteran Ed (Porky) Oliver, LaMont, Ill. Burke has a 69, Fleck a 72 and Oliver 71.

Five players were bunched at 143 including Byron Nelson, Ronohe, Tex., who had a 71 to go with his first round 72.

Harper's 65 equaled the course record for 9, 18 and 36 holes.

Ben Hogan, who has made this home town tournament practically his own with four victories was tied with three others with 145, including Cary Middlecoff of Memphis.

SATTERFIELD REPLACES PATTERSON

CHICAGO (AP)—Bob Satterfield of Chicago Friday was named to replace ailing Floyd Patterson against Archie McBride of Trenton, N. J., in Wednesday night's heavyweight 10-rounder at the Chicago Stadium.

The bout will be televised nationally (8 p.m. CST).

Patterson withdrew from the bout, it was announced, because of a ptomaine poisoning attack Thursday.

America's Finest 3-Year-Olds At Post For Richest Classic

By JOHN CHANDLER
LOUISVILLE, Ky. (AP)—Ten of the country's finest 3-year-old colts have a fling at fame and fortune Saturday in what will be the richest Kentucky Derby since America's most colorful racing classic was inaugurated in 1875.

A good portion of the 100,000 fans expected to jam ancient Churchill Downs for the mile and one-quarter classic are looking for another slam bang duel between Nashua, the odds-on favorite, and his shadow, Summer Tan.

There were no surprise latecomers in the calculations when Secretary Lincoln Plaut slammed the entry box shut Friday morning, only the 10 horses whose names have been on the lips of the turf folks for days. The pot will hit \$152,500 with 10 starters, the winner collecting \$108,400.

With 10 starters, this 81st Run for the Roses will have the smallest field since Citation defeated five opponents seven years ago.

The slim field comes through the courtesy of Nashua, of William Woodward Jr.'s Belair Stud, and Mrs. John W. Galbreath's Summer Tan. It costs \$1,500 to race Saturday and few want to tangle with a pair of the best sophomore runners to come around in many a year.

Two weeks ago racing appetites were whetted when Nashua lunged up in the final strides to beat Summer Tan in the thrilling Wood Memorial at Jamaica.

The festivities will be carried on CBS TV and radio from 3:15-3:45 p. m. (CST) with post time set for 3:30.

Swaps, a California speed demon owned by Rex Ellsworth, looms as the chief threat should Nashua or Summer Tan run into difficulties.

There was strong support also for the Cain Hoy Stable entry of Flying Fury and Racing Fool, owned by Capt. Harry P. Guggenheim.

The track oddsmaker listed Nashua, to be ridden by Eddie Arcaro, at 4-5, with Summer Tan and jockey Edic Guerin at 2-1. Swaps, with champion rider Willie Shoemaker up, was made 5-1. The Cain Hoy entry was 10-1, with Henry Moreno aboard Racing Fool and Con McCreary on Flying Fury.

Others in the race are Jean's Joe, owned by the Murcain Stables of Mrs. Clint Murcain and Mrs. Wofford Cain; Harvey C. Fruehauf's Blue Lem, Clifford Moore's Nabana; G. Rollie White's Trim Destiny; and Honeys Alibi, from the W-L Ranch of movieman Henry M. Warner. Jean's Joe was quoted at 15-1. You can almost name your price on the others.

Steve Brooks rides Jean's Joe, with Chris Rogers aboard Blue Lem, Johnny Adams on Nabana, Willie Harnatz on Honeys Alibi, and Lois Cook piloting Trim Destiny. All starters carry 126 pounds.

Arcaro will be shooting for his sixth derby, and Belair Stud and

Pirates Win 6th In Row, Edge Giants 3-2

NEW YORK (AP)—Veteran Ben Wade came in on relief to put down a New York rally with the bases loaded and none out in the ninth Friday night as Pittsburgh's Pirates extend their surprising winning streak to six games with a 3-2 victory over the Giants.

Wade, a 32-year-old righthander who never has beaten the Giants, stepped in to protect rookie Ron Kline's second victory after New York had put the tying run on third and the potential winning marker on second against the young righthander.

But the veteran reliever purposefully walked Alvin Dark to fill the bases, then got Whitey Lockman to hit into a forecourt at the plate, fanned pinchhitter Bobby Hofman and ended it all as pinchhitter Billy Gardner filed to center.

Until the ninth, Kline, a 23-year-old service returnee, had breezed through with a five-hit job against the world champs. And after the Pirates had routed Johnny Antonelli with three of their four hits off the ace lefty in a three-run seventh he appeared ready to coast home.

Score Hurls Indians To 4-1 Win Over A's

CLEVELAND (AP)—Dave Pope and Hank Majeski backed Herb Score's three-hit pitching with home runs Friday night as the Cleveland Indians defeated the Kansas City Athletics 4-1.

Score, who struck out 10, held the A's to one blow until the seventh inning when singles by Bill Wilson and Joe Astroth and a walk to Gus Zernial produced the losers' only tally.

Pope hit his third homer of the season after Ralph Kiner singled in the second. Majeski's first four-base belt was in the fourth.

Al Smith doubled in the fifth and scored the Tribe's last run on an outfield fly and a wild pitch.

The rookie chucker struck out 16 Sunday during a game against Boston and was aiming at a two-game streakout record set in 1938 game by Bob Feller. Score's two-game total of 26 strikeouts was two short of Feller's mark.

Tigers Defeat Comets 18-12 For 8th Win

CHANDLERVILLE (Special)—Bluffs Coach "Patsy" Clark's ISD Tigers captured their 8th victory in nine starts yesterday afternoon as they downed the Chandlerville Comets 18-12 in a slugfest.

The Tigers exploded for 14 runs in the fourth inning as they batted around twice before the Chandlerville pitching could retire the side. With the score 17-5 going into the bottom of the fourth, ISD started substituting and paved the way for the Comets scoring seven runs in the next four innings.

As it ended, Chandlerville had scored in every inning except the first and last and had collected a total of 10 hits off Ronald Bluff seghini.

The Tigers' three runs in the first inning came after leadoff man Duncan tripled and Kutilek homered.

ISD's 14 run fourth started with a single by Mehring and ended 18 batters later when Depick went down swinging. In between time there were singles by Broseghini, Harrell, Phelps, Mehring, and Rampley; a pair of doubles by Kutilek; a triple by Rampley and a homer by Zachariasen.

George Kutilek led the Tiger hitting attack with three hits, a homer and two doubles.

The Tigers' next game will be Monday when they tangle with Zachariasen.

CHICAGO LIVESTOCK MARKET REPORT

CHICAGO (AP)—Both butcher hogs and sows were steady to 25 cents lower Friday. Salable receipts totaled 9,000 head and trading was fairly active.

Buyers paid \$17.00 to \$17.75 for most choice 190 to 240-pound butchers with the top at \$18.00. This was a gain of 25 cents for the week. Butchers scaling 250 to 280 pounds moved at \$16.50 to \$17.00. Sows sold from \$12.00 to \$15.25.

Only 1,000 salable cattle arrived, consisting mostly of cows. Demand was not good. Opening weak to 25 cents lower, cows were selling \$10.00 to 75 cents down by the close. Quite a few head were withdrawn from the market and will be offered next week.

Utility and commercial cows went at \$11.25 to \$14.50. Steers and heifers were quoted nominally steady. A small lot of high choice fed yearlings set the top at \$24.00. Vealers were steady at \$23.00 to \$27.00 for most good and choice types.

Only 200 salable receipts were reported in the sheep section. There were not enough lambs offered to test the market.

New York Stock Market

NEW YORK (AP)—The stock market advanced moderately Friday in its third straight rise.

Most major divisions had a hand in the forward movement, and there were some exceptionally large gains scored.

For the most part, however, the rise carried prices up around \$2 at the outside. Losses were scattered and small.

The market was higher at the opening and continued rising modestly until the final hour when it sold off under normal profit taking customarily expected before a weekend.

Good gains were shown in steels, railroads, aircrafts, airlines, motion pictures and the distillers which haven't been doing much either way lately.

The Associated Press average of 80 stocks was ahead 50 cents at \$144.30, but down slightly on the week. Most of the gain Friday was concentrated in the railroad component of the average up \$1.20.

The industrials were up 10 cents and utilities added 20 cents.

Volume came to 2,250,000 shares, 20,000 less than Thursday.

The American Stock Exchange was generally higher on volume of 750,000 shares as compared with 680,000 shares traded Thursday.

New York Bond Market

NEW YORK (AP)—The bond market fluctuated narrowly Friday as trading slowed.

"Big Board" volume dropped to \$2,250,000 par value from \$3,376,000 Thursday. It was the dulliest session since March 31, when sales totaled \$2,120,000.

U.S. government bonds were unchanged to off minor fractions.

Railroads were mostly higher. But utilities and industrials narrowly mixed gains and losses. Some convertible oil company obligations were in demand. Investment quality bonds were steady.

NEW CROP WHEAT CONTINUES ADVANCE

By WILLIAM FERRIS
CHICAGO (AP)—New crop wheat futures added a little more to their week's advance in fairly active dealings on the Board of Trade Friday.

Despite the action of the new crop, May wheat ended lower. Other grains were not much changed, finishing with a mixture of gains and losses. Soybeans had been quite firm up until the final half hour at which time selling expanded.

Wheat closed 1/4 lower to 1 1/4 higher, corn 1/4 lower to 1/4 higher, oats 1/4 lower to 1/4 higher, soybeans 3/4 lower to 3/4 higher and lard 2 to 15 cents a hundred pounds lower.

It looked for a time as if the upward surge of new crop wheat this week was going to be halted. Quite substantial rains in the Southwest Thursday and overnight brought initial selling into these months. They dipped for fractional losses.

Selling pressure never was heavy, however. And a renewal of short covering and investment buying sent the market ahead after midday.

Soybeans were independently firm early, a reversal of the pattern of the two previous sessions. New crop beans held onto a part of their gains, but the old crop months were unable to do so.

There was some long-range speculative buying in the new crop months despite the fact there will be a carryover going into the new crop year and prospects are for a very large acreage. Beans for delivery in November are selling about 20 cents under a year ago at this time.

VIOLENCE FLARES: STRIKER SHOT DEAD

(Continued from Page One)
Officers quoted Braswell's father, John Braswell, 55, as saying he shot Nichols. The elder Braswell was charged later with malicious shooting and released under \$300 bond. Nichols and two companions, B. F. Webster, 30, and Samuel L. Turner, 31, were charged with conspiracy and their bonds set at \$300.

Observers here said a strike settlement now appears more remote than ever. Federal mediators in Washington still worked for an agreement between management and the unions.

Violence in the railroad strike, which had flared up periodically in recent weeks, removed attention at the moment from the Southern Bell Telephone Co. strike. Both walkouts started March 14 and have been marked by increasing violence recently.

The telephone company has reported numerous instances of cable cutting, dynamiting and fist-fighting around exchanges it has continued to operate with supervisory personnel and nonstrikers.

In Knoxville, scene of several recent explosions and other acts of vandalism, Mayor George Dempster issued orders Thursday for city policemen to "shoot to kill" anyone attempting to destroy property of the telephone company. Three strikers there acknowledged Friday a hand in the vandalism.

Striking CWA union leaders have denied any knowledge of violence. The telephone strike started in a dispute over terms of a new contract.

The L&N strike began when the two sides failed to reach agreement on a health and welfare provision for employees, premium pay for Sunday and holiday work and other issues.

Scheele: As Safeguard: Not Under Suspicion

(Continued from Page One)
weapon against polio. But they viewed with skepticism his opinion that the vaccine will get to the age-groups which need it most without stronger direction from Washington.

Scheele told the committee manufacturing of Salk vaccine is continuing—that the shipment and use of already approved vaccine is going ahead, too. But he said federal review of new shipments has been "at a standstill" for several days pending the outcome of the scientists' meeting at the National Institutes of Health in nearby Bethesda, Md.

He said the PHS may decide to make more thorough tests of the vaccine as a result of the Bethesda meeting. It now makes spot checks of vaccine supplied by the six companies licensed to make it. Shipments by one company—the Cutter Laboratories of Berkeley, Calif.—have been suspended as a safeguard since most of the reported polio cases have followed vaccination with the Cutter product.

No details were given out by the Bethesda meeting beyond Scheele's statement that top scientists in the biological and related fields were taking part. Dr. Jonas E. Salk, developer of the vaccine, was in Washington Friday and presumably was taking some part in the discussions.

Scheele emphasized that none of the 44 cases of polio reported among vaccinated children is known to have been caused by the vaccine. It will take some time to establish this point definitely, Scheele said, adding it may be "sheer coincidence" that the illness developed among recently vaccinated children.

Besides, Scheele said, some of the cases diagnosed as polio may well turn out to be something else. Doctors tend to be extra careful these days and order full treatment for polio even though the illness may prove less serious, he said.

In Detroit an official of a vaccine-making firm, Parke, Davis & Co., said its operations have not been affected by the halt in the federal inspection program. Vice President Homer Fritsch said the firm is still shipping previously approved vaccine to the National Foundation for Infantile Paralysis, has enough on hand to fill orders and is continuing production.

WILD WEST RETURNS!

IDAHO FALLS, Idaho (AP)—The Union Pacific Railroad reported receiving Friday its first buffalo warning in 50 years.

It said it had been warned to look out for buffaloes between Lima and Butte, Mont. That's northeast of here in the Yellowstone National Park area.

Roadmaster H. F. Larsen said no one knew where the herd came from.

REDS FEAR

BONN, Germany (AP)—West German intelligence sources said Friday there has been a wave of arrests in East Germany because the Communist regime fears another uprising.

These informants scoffed at a communist claim that 521 "agents" of the Western Powers and the Federal Republic had been arrested, as announced in an East Berlin news conference Wednesday.

To Leave Bed For Inauguration As Bradley U. Head

PEORIA, Ill. (AP)—Dr. Harold Potter Rodes planned to leave his hospital bed long enough today to be inaugurated as fifth president of Bradley University.

He entered a Peoria hospital a week ago following his return from Florida vacation. Dr. Rodes, who'll be 36 Saturday, said he suffered a slipped back vertebra while swimming.

Dr. Rodes, former president of Ohio Mechanics Institute, Cincinnati, has been acting Bradley University president since last summer following the resignation of David B. Owen.

Dr. Samuel M. Brownell, U.S. Commissioner of Education, was to speak at the inauguration. Some 200 representatives of other colleges and universities were expected to attend.

Dr. Rodes was graduated from Dartmouth University in 1941 with summa cum laude honors. He later undertook graduate studies in education at Yale University.

Austrian Visiting Illinois Predicts Russ Moves There

HERRIN, Ill. (AP)—The leader of a visiting group of Austrian officials predicts the Russians will take some 18 million dollars in machinery with them when an independence treaty forces them to vacate factories in his homeland.

Joseph Fuchs, a member of the lower Austrian provincial government, said Thursday the factories now employ about 60,000 and that the money will be needed to re-equip the plants when the Russians leave.

The Big Four ambassadors continued independence treaty negotiations today in Vienna.

Fuchs heads a party of four Austrian political and labor leaders touring southern Illinois to study methods of boosting living standards in economically depressed areas.

The group Wednesday toured five factories brought to Herrin through the city's program for attracting and financing new industry.

The group today will tour the Ordell industrial area near Marion, and visit Southern Illinois University at Carbondale.

OFFICIAL DENIES STUDENT JAM CAUSES \$20,000 BLAZE

WAUKEGAN, Ill. (AP)—A hardware store owner's claim that a jam of high school students caused a small shed fire to develop into a \$20,000 blaze was disputed Friday by a school official.

Three wooden storage buildings behind the Siver Hardware Co. burned to the ground Thursday.

The store owner, Warren G. Siver, said pupils were leaving the Waukegan Township High School, across the street from his store, just as the fire equipment was arriving.

He said the fire which could have been held to \$200 damage went out of control while youngsters jamming the street delayed the arrival of fire fighting equipment.

C. E. Prichard, superintendent of the high school, said few of his pupils were in the crowd. He said the principal cause of delay was an illegally parked automobile which prevented fire engines from entering a parking lot and getting close to the blaze.

"School had been dismissed at about 3 p.m., and most had left when fire engines arrived at about 3:15 or 3:20," Prichard said.

Nuclear Test Fatal To All In Half Mile Area

(Continued from Page One)
Test power lines were downed when the blast snapped off poles, but utility experts estimated that power could have been restored within eight hours.

As in any explosion, shattered glass would have produced many casualties.

This type of damage reached far out, even to test homes located two miles from the blast.

Once again, as in a previous test in 1953, a curious feature of atomic explosion was in evidence. The flashing radiant heat at the instant of explosion fired walls of frame houses. But, in the quick tempo of atomic explosion, the powerful blast wave, racing after the heat, blew out the fires instantly.

The curious pattern of explosion showed in other ways. An 18,000-gallon tank of propane gas, standing along with a badly damaged house, showed nothing more than a bent handrail. There was no leakage and the fuel had not been ignited by the heat blast.

The bomb played sardonic tricks, too.

Near the wreckage of a taxicab stood its sign, proclaiming it belonged to "Lucky Cab Company."

The unlucky taxi was one of three cars located at the 4,700-foot zone. The second one was crushed into flattened metal when the blast tossed a chimney down upon it. A third one had the top dished in, as if by a giant fist, the hood sprung open, the glass of windows and doors blown away.

Radios in homes at the two-mile mark remained entirely operable—an important factor in post-attack Civil Defense work. Even in the shattered houses within a mile of the explosion, radio sets escaped harm. An observer said there was "not a broken tube" in the sets.

But in some of those close-in homes a radio that worked would have made little difference. The residents would have been dead.

Allege Dale Received \$153,656 From Contractors

SPRINGFIELD, Ill. (AP)—U. S. Atty. John B. Stoddard filed a bill of particulars Friday alleging that Evan Dale, convicted of racketeering, received \$153,656 from contractors during a six-year period.

The bill of particulars was requested by Dale in connection with his indictment for evading income taxes of \$104,656 while he was boss of 38,000 AFL laborers in southern Illinois.

The government contends Dale received payoffs from contractors in exchange for labor peace and did not report the income.

Dale was convicted last December at East St. Louis of attempting to extort \$1,030,000 from a contractor building a 197 million dollar power plant at Joppa, Ill. He also was found guilty of extorting \$7,500 from a subcontractor on the project.

No date has been set for his income tax trial.

The bill of particulars, covering 1947 through 1952, listed 26 companies as having paid money to Dale in one or more years.

The amounts and firms included: Triangle Construction Co., Kankakee, \$26,720; S.J. Groves and Co., Springfield, \$13,600; Gilmore Asphalt Co., Anna, \$12,186; Ottinger Construction Co., Fort Worth, \$11,650; Arrow Petroleum Co., Chicago, \$9,060; O'Connor Construction Co., Springfield, \$9,467; Bituminous Fuel and Oil Co., East St. Louis, \$8,755; Maxon Construction Co., Inc., Dayton, Ohio, \$7,500; Joyce Bros. Contracting Co., Springfield, \$6,900.

C. F. Moritz, Inc., Effingham, \$5,800; E.T. Simonds Construction Co., Carbondale, \$4,700; Mitchell Construction Co., Herrin, \$4,568; Missouri Valley Dredging Co., Omaha, \$4,290; Missouri Dredging Co., St. Louis, \$4,000; Edgar Stephens and Sons Construction Co., Cairo, \$2,916; Eugene Lohr and Co., Columbia, \$2,898; Thompson Asphalt Co., Madison, \$2,800; R. W. Ford Construction Co., Marion, \$2,764.

STRONG WINDS DAMAGE PROPERTY IN HARLAN, IOWA

HARLAN, Iowa (AP)—Strong winds of near tornado force caused some property damage to the remote north part of Harlan Friday afternoon. Similar gusty winds reportedly blew down some outbuildings in the Kirkman area northeast of here.

There were no injuries. Shelby County Sheriff Orrell D. Gearhart said about half a dozen houses received some damage but the extent generally was light.

RAINMAKING WORKS BACKWARD

TORONTO (AP)—Canada's government weather service concluded today that commercial rainmaking experiments in parts of the prairie wheat belt caused less—not more—rain to fall.

LEARNED ART OF SHOPLIFTING FROM "FEMALE FAGIN"

Shoppers who attempt to operate in Jacksonville should first obtain their doctor's degree or at least their master's degree in the art if they expect to avoid arrest by this city's police department.

One of the suspects arrested in this city Thursday on a charge of shoplifting told Chief Ike Flynn she had three lessons from an expert shoplifter in St. Louis in the art of obtaining merchandise from stores.

Her meager education, however, was not enough to stay out of the clutches of Jacksonville police. It is true, the chief said, that the alleged shoplifters were able to secure some merchandise and place it under their flowing dresses but their peculiar waddling movements as they glided down South Main street was quickly observed by the officers and their arrests followed.

Open House Sunday At 6 Jacksonville Motels

Assembly Of God Church To Honor Mothers Sunday

The theme of all services Sunday, May 8, at the Assembly of God church on East Vandalla Road will pertain to Mother's Day. The program at the regular Sunday School service at 9:30 will be for mothers and their families. At this time gifts will be presented to the oldest mother present, the youngest mother and the mother having the largest number of her family present. All mothers attending Sunday school will be presented with an orchid.

Regular services will be at 10:45 with the pastor, Rev. W. A. Gardner, bringing to church members and guests a service honoring all mothers. The young people of C. A. Service is at 6:30 in the evening. Miss Aline Coultas is president of this group. The service is for all young people and adults and encourages youthful participation. Gilbert Coultas will be the guest speaker this Sunday.

Evangelistic services open at 7:30 with Rev. Gardner bringing the message.

Queen Elizabeth Sends Parliament Home To Campaign

LONDON (AP)—Queen Elizabeth II sent Parliament home today to campaign for the May 26 general elections. In a farewell speech she said Britain hopes to "enter into fruitful negotiations" with the Soviet Union now that West Germany is once again a free and sovereign nation.

Britain now will be without a legislature until June 7, when the new House of Commons will sit for the first time.

Prime Minister Eden and his cabinet will continue to run their various departments. They do not resign until after the election—either for Eden to form a new cabinet if the Conservatives win, or for the Laborites to take over the government if they are victorious.

The Motels of Jacksonville will celebrate National Motel Week by holding Open House on Sunday, May 8, from 1:30 to 4 p.m.

Mrs. A. L. Yording, who is chairman of the Jacksonville group, extends a cordial invitation to everyone in the Jacksonville area to visit the six motels located in the city.

In announcing plans for the Open House, Mrs. Yording said, "We want the townspeople to see the modern facilities available at each of our Motels for the traveling guest."

Door prizes will be awarded at each of the Motels and there will be a grand prize of a \$25 Savings Bond by all the Motels.

There are a total of 104 rental units at the Motels in Jacksonville. They are modern in every respect and rank among the finest to be found anywhere. Most of these rooms are equipped with television and air-conditioning. Some have telephones.

The Motels in Jacksonville employ 28 persons, in addition to the owners. They put out a weekly payroll of more than \$700.

Some of the local Motels were among the first to be built in the state. The first in the city was The Modern Cabins, located at 601 East Morton avenue. They were opened in 1925.

Mr. and Mrs. D. D. Crain became the owners in 1943 and changed the name to Crain's Motel. The establishment was completely rebuilt in 1952.

Mr. and Mrs. Mark Smith opened the second tourist court in 1939, at 300 East Morton avenue. They enlarged their court in 1947 by building additional units on the south side of the street.

Yording's Motel at 205 East Morton, operated by Mr. and Mrs. A. L. Yording, was built in 1947 and has undergone many improvements since.

The Serv-Rite Motel on East Morton Road was started in 1948. Many additions have been made to it since that time. Mr. and Mrs. Edward B. Caulfield, the owners, completed the latest addition in 1954.

In 1949, the White Haven Motor Court at 2020 Mound Road was constructed. Its present owner, Mrs. Ruth Swartzwelder, has made several improvements.

The newest in Jacksonville is the Blackhawk Motor Court on East Morton Road, built and opened in 1954 by Mr. and Mrs. Lloyd L. Black. A new addition will be opened in June of this year.

All Jacksonville Motel operators are members of the state trade organization, the American Motel Association of Illinois. Mr. Crain was active in helping start the organization and served as its first president. He is now in his third term as president. A. L. Yording is an alternate director of the association.

One Way Traffic On U.S. 67 West Of Virginia Due

The Illinois Division of Highways has announced that one-way traffic will be in effect at intervals on U. S. Route 67 between Virginia and Bluff Springs next week, where the highway is being widened and reconstructed. There will be little or no delay along the six mile stretch, but drivers are advised to proceed carefully.

The job of clearing the right-of-way is almost complete along the three mile stretch through Bluff Springs, eliminating several abrupt curves. Work has already been started on two bridges in that area. One hill has been cut down to a normal incline for the new location of Route 67.

By Saturday of this week it is expected that several short detours around construction crews will be necessary.

Howard Kinnett, Country Club Manager, Killed

SPRINGFIELD, Ill. (AP)—Howard V. Kinnett of Jacksonville, Ill., was killed Friday night when he was thrown from a car which over-turned near Springfield.

Kinnett, manager of the Jacksonville Country Club, was a passenger in a car driven by Robert Johnson, 41, also of Jacksonville but formerly of Galesburg.

State police quoted Johnson as saying he was blinded momentarily by the lights of an oncoming car which later sped away from the scene.

Johnson told police he served as sales manager for a meat packing concern in Jacksonville.

Expect Electronic Brain To Improve Weather Forecasts

SUITLAND, Md. (AP)—The Weather Bureau put into operation Friday an electronic brain it hopes will improve the accuracy of weather forecasts.

The experiment was begun ceremoniously when representatives of the Weather Bureau, the Navy and the Army pushed three activating buttons on the calculator, which is the joint property of the three agencies.

The calculator will be used to make what are known as numerical weather predictions. This means it will be able to digest rapidly, several times daily, vast amounts of past and current weather observation information fed into it and come up with a general forecast.

Two Automobiles Wrecked Friday

Friday evening a 1949 Mercury driven by John Farmer crashed into the rear of an Oldsmobile driven by Morey Craig on route 36 near the Blackhawk Motel.

Morey Craig was taken to Passavant hospital in the Cooney ambulance and at 12 p.m. his condition was considered as good.

The two cars were towed to the city by the Morgan County Motors Co. wrecker and D. Brummett's wrecker. State Patrolmen Balke and Edlen and Morgan county Patrolmen Wright and Lazenby were called to the scene of the accident.

"Pop" Hickie Plans Retirement At JHS

Glen C. Hickie, 216 Sandusky street, chemistry instructor at Jacksonville high school since 1926, has announced his plans to retire from active teaching at the close of this school year.

"Pop" Hickie, as he has been called affectionately by a long line of JHS pupils, has been a member of the faculty here since Dec. 13, 1926.

GLEN C. HICKIE

"I'm going to do whatever comes to my mind," the veteran teacher said when asked about his retirement plans. "I plan to carry on silvering mirrors and furniture—if it doesn't interfere with my fishing."

Besides teaching chemistry the popular instructor has led interest in rifle shooting here for many years. In 1929 he organized a rifle club, and has helped to train a number of men who served in the Armed Forces during World War II.

Hickie is a product of Heddig College.

Before coming to Jacksonville, Mr. Hickie taught at several of the surrounding towns. He was principal of Homer school, Homer, Ill., taught Latin and history, and was coach there, also.

At Belvidere, Ill., he taught physics and chemistry. At Escanaba, Mich., Mr. Hickie taught public speaking and history. He left Escanaba and served in the armed forces for about two years.

After being discharged from the army, Mr. Hickie assumed duties as superintendent and coach at Kinderhook, Ill., what is now the West Pike school.

Hickie received his Master's degree from the U. of I. and has done additional graduate work at Washington University in St. Louis.

He coached and taught physics and chemistry at Griggsville, Ill. From Griggsville he came to Jacksonville high and has been teaching chemistry and science since that time.

Minnie Ralston Of White Hall Dies Friday

WHITE HALL—Mrs. Minnie Jane Ralston, 82 year old lifetime Greene county resident, died at 2:45 Friday morning at her home in White Hall. Mrs. Ralston was ill just a short time before her death.

She was born August 7, 1873 in Greene county the daughter of James A. and Elizabeth Allen Steelman. On Dec. 5, 1900 she was united in marriage with H. P. Ralston who survives with two children, a son, Cecil of White Hall and a daughter, Mrs. Gertrude Myers of Omaha, Neb. There are four grandchildren and several great grandchildren. A brother, O. E. Steelman, lives at Patterson. One sister preceded Mrs. Ralston in death.

The body was taken to the Wolfe funeral home in Roodhouse.

Funeral services will be held Sunday at 3 p.m. at the Tabernacle Baptist church with the Rev. Leo Crossman officiating. Interment will be made in the White Hall cemetery.

The body will be brought to the home from Roodhouse on Saturday afternoon.

Early Taxpayers Avoid Waiting At Sheriff's Office

Now is a good time to pay taxes at the office of Sheriff Jack Andrews, ex-officio collector.

There isn't any particular rush at this time of the month—or hasn't been thus far. Taxpayers can walk in, square their obligations with the county, and be on their way within a few minutes.

Standing in line hasn't started yet. But the hundreds of citizens who wait until June 1 approaches before going to the court house may experience longer delays.

"Collection of taxes started one week earlier this year," Sheriff Andrews said in discussion the smoothness with which the job of collection has progressed. "Right now it isn't necessary to wait very long. The longer citizens wait to pay their taxes, the greater their chance is of having to stand in line."

Taxes totaling \$2,817,565.43 were extended in 1954 payable this year. Thus far \$337,712 has been collected since work began April 25. The largest day of tax collection was Monday of this week, when \$45,885.03 moved through the collector's office.
